

== *Comply With Me* ==

The California Statewide Codes & Standards Program is here to help you meet the requirements of both Title 24, Part 6 and Title 20.

We offer **NO-COST** * Tools * Training * Resources

All designed to improve compliance with California's building and appliance energy efficiency standards and lock in long-term energy savings.

A suite of interactive tools to help you understand the compliance process, required forms, installation techniques and energy efficiency regulations applicable to building projects and appliances in California

Find Tools

A portfolio of on-demand, and live in-person and online training alternatives on California's Energy Code and Title 20 regulations, tailored to a variety of industry professionals and addressing key measures.

Find Training

An array of downloadable materials providing practical and concise guidance on how and when to comply with California's building and appliance energy efficiency standards.

Find Resources

www.EnergyCodeAce.com

Our suite of interactive tools help you understand the compliance process, required forms, installation techniques and energy efficiency regulations applicable to building projects and appliances in California.

Energy Code Product Finder™

Find Title 24, Part 6 compliant products – get a list of products specific to your project which need to be certified to comply, example specification language and a link to the applicable product database

Forms Ace™

Identify and print the forms you need for your project

Image Ace™

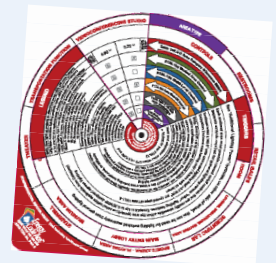

An image library illustrating concepts and requirements relevant to Title 24, Part 6 and Title 20

Navigator Ace™

An interactive flowchart to guide you through the compliance process

Nonresidential Indoor Lighting Wheel

A quick reference to check if our lighting installation meets Energy Code requirements

Q&Ace™

Quickly find the answers to all your questions in our online knowledge base

Reference Ace™

Our tool designed to help you navigate Title 24, Part 6 and Title 20 documents – key word search capabilities along with hyperlinks allow you to jump directly to related sections to make using the Standards documents easier

Timeline Ace™ Use this interactive tool to learn about schedules for Title 24 and Title 20 code changes

Virtual Compliance Assistant

Get online assistance filing out your Nonresidential Certificates of Compliance (NRCC)

Energy Code Ace training courses offer a great way to stay up-to-date on California's Energy Code and Title 20 regulations, and ahead of your competition. And they are all provided free of charge!

- Some classes target “hot topic” measures, such as Lighting and HVAC
- Others focus on specific industry professionals including Plans Examiners, Building Inspectors, Energy Consultants, Architects and Designers, Appliance Manufacturers and Retailers, and AC Installation Contractors
- Most are accredited for continuing education units by the ICC and AIA
- Courses are provided in a variety of formats to better match your learning needs and schedule:

On-Demand

Online self-study courses and recordings of select online live classes, available at your convenience

Online Live

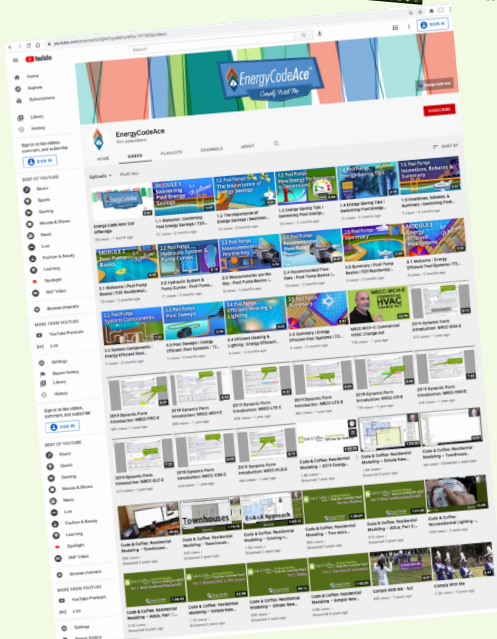

A variety of course types delivered online in real-time by an instructor

Traditional Classroom

In-person courses available through sponsoring utility energy centers or at a location of your request (will resume as COVID protocols allow)

YouTube

“How to” and “a closer look” videos on a familiar platform

Training Requests

**Couldn't find training on a topic you were looking for?
Submit a request for it with this online form.**

We offer an array of downloadable materials providing practical and concise guidance on how and when to comply with California's building and appliance energy efficiency standards.

Application Guides

Short manuals including compliance requirements and recommendations for implementing Title 24, Part 6 in new construction, addition and renovation projects

Fact Sheets

Quick reference summaries of key requirements, forms, definitions and resources for implementing Title 24, Part 6 and Title 20

Trigger Sheets

Quick references indicating when specific projects trigger Title 24, Part 6

Checklists

Step-by-step guidance for plans checks and field inspections

Useful Links

Useful links, telephone numbers and downloadable documents

Submit a Question

Submit your Energy Code and Title 20 questions to receive an email response from one of our Aces – we aim to respond in 2 business days
